

# Australian Institute of Traffic Planning and Management

Linking Communities  
Growing liveability and accessibility

## Traffic Design Group

Traffic Design Group

## AITPM

- 700 Members
- National committee of state presidents
- State Ministers are patrons

Traffic Design Group

# Growth

- Victoria policies for densification and expansion
- “Naïve and elitist” to expect densification alone
- ‘Melbourne @ 5 million’

# Land use planning and transport planning

- They are the same thing

- Masterplanning incentives in many countries (tax, financial assistance)

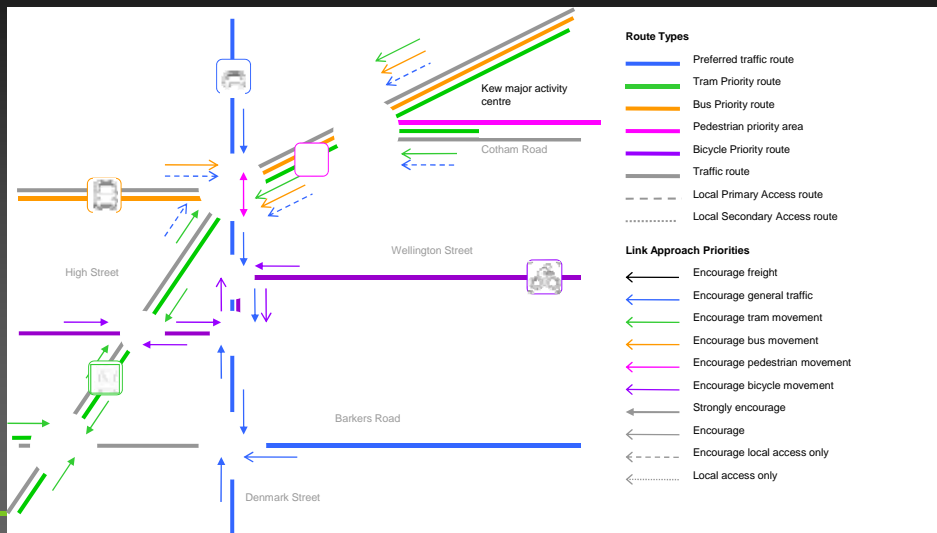

## Chicken and egg

- Quantify the benefits to the users of having infrastructure lead development
- Provide full costings of both options
- Seek by-partisan support
- Consider the best time to influence decision makers

## VicRoads Smart Roads

- Hierarchy according to place, route and time of day
- Four time periods
- Six modes
- Different priorities for each mode

# VicRoads Smart Roads

Traffic Design Group

# Sturt Street Cycle Path

- Funding
- Design team
- Monitoring
- Education
- Connections to other facilities

Traffic Design Group

## Shared bike schemes

- Quadrupled in 5 years
- 375 schemes
- 250,000 bikes
- Mexico City repealed compulsory helmet law to facilitate scheme

Traffic Design Group

## Bicycle Victoria

- 80,000 members
- \$80 pa
- Liability insurance
- 70 staff
- “More people cycling more often”

Traffic Design Group

## 'Copenhagen' Lanes
