

Creating safer streets Age friendly Ōtautahi

Save the date
- 10 Nov 2022 -

\$0 students /
advocates / unwaged
\$10 professionals
[incl. Lunch]

Nau mai, haere mai - open to all members of the community, including developers, planners, engineers and designers. Further details on registration and speakers to come

Workshop and Lunch

11am to 2pm: Tūranga Christchurch Central Library

We will learn more about the lived experience of members of our community. This interactive session will introduce existing and newer audits, design guidance and how we can use them to **create safer, inclusive and accessible environments for all**. Focusing on 'customer' needs and using the design principles, we will challenge you to create inclusive designs for streets in Ōtautahi.
